Date: 21.01.2025

Sub: Formation of Research & Development (R&D) Cell

In compliance with the directive of the All India Council for Technical Education (AICTE), the Institute has constituted a Research & Development (R&D) Cell to enhance and promote the research ecosystem within technical institutions. The primary objective of the R&D Cell is to cultivate a robust research culture by fostering innovation and exploration in emerging and challenging areas of engineering, technology, and sciences.

The specific goals of the R&D Cell include:

1. **Promoting Research Excellence:** Encouraging faculty, staff, and students to engage in high-impact research activities.
2. **Interdisciplinary Collaboration:** Facilitating collaboration among different departments and external research bodies to address complex technological and scientific problems.
3. **Innovation and Technology Transfer:** Supporting the development of new technologies and innovations for the benefit of society.
4. **Capacity Building:** Organizing workshops, training sessions, and conferences to enhance research skills and awareness.
5. **Publication and Dissemination:** Supporting the publication of research findings in reputed journals and presenting at national and international conferences.
6. **Industry Collaboration:** Strengthening partnerships with industries to promote applied research and product development.

The following members have been nominated to lead and manage the activities of the R&D Cell:

S.NO.	Name of Faculty	Designation	Mobile No.	Email ID
1.	Dr. Rohit Sharma, Dean Research & Associate Professor, ECE	Chairperson	9639473555	dean.research@abes.ac.in
2.	Dr. Kadambri Agarwal, Associate Professor, CSE	Member	9873309345	kadambri.agarwal@abes.ac.in
3.	Dr. Saibal Manna, Asstt. Professor, ELCE	Member	9851637675	saibal.manna@abes.ac.in
4.	Dr. Anoop Pandey, Asst. Professor, ME	Member	8750196592	anoop.pandey@abes.ac.in
5.	Dr. Rajesh Kumar Maurya, Associate Professor, Computer Applications	Member	9873603726	rkmaurya@abes.ac.in

The R&D Cell will work towards aligning research activities with the current trends in technological advancements and ensure that the Institute contributes meaningfully to the growth of innovative solutions, industry needs, and societal challenges.

Prof. (Dr.) D.K.Sharma
Director

Copy to:

1. Chairman Office for kind information
2. All Deans for Information
3. All HODs for information and communication to all faculty, staff members and students
4. Registrar Office, Accounts, Computer Administration, Library, Reception, HR for information please.
5. Wardens of Girls' Hostel & Boy's Hostel for wide circulation among students.
