# ABES ENGINEERING COLLEGE, GHAZIABAD

## Message of the Director

**Prof.(Dr.) Devendra Kumar  
Sharma**

Director, ABESec

“ Our every action is focused on creating an ambiance suitable for fostering quality education ”

Engineering and professional education are among the key enablers of growth for transforming the national as well as the global economy. As we continue to strive for academic excellence in engineering and management education, through innovative techniques, ABES Engineering College is being preferred as the destination for students across the country.

Equipped with many 'Centers of Excellence', the college encourages its students to participate in a creative exploration of knowledge involving hands-on activities, which provide 'learning by doing', an environment far different from exam-centric rote learning. We are making our best efforts to keep in pace with fast-emerging technologies so that we are in a position to prepare our students for the industry as well as for entrepreneurship. Accordingly, the entire academic processes and echo system are being aligned with the outcome-based education (OBE) which has become the hallmark of the teaching-learning platform in ABESec.

Each of our action is meticulously planned and is focused on creating an ambiance suitable for fostering quality education along with research & development activities. The testimony to this is the quality certification of the college by NAAC, NBA, and ranking by NIRF.

We are looking forward to developing in each of our faculty, staff, and student, the ability and passion to work wisely, creatively and, effectively for the betterment of mankind.
